Preliminary Amendment

Dear Sir:

In connection with the application identified in the caption above, please amend the application as follows:

IN THE CLAIMS:

/ /

Please add the following new claims 11-18:

-11. A method for treating a fibrotic skin condition in a human patient, comprising:

providing a source of radiation emitting in a wavelength selected from UVB of 295-315nm, UVA of >360-400nm, and a combination thereof; and

illuminating the affected area of the patient's skin with the radiation.-
